

L'inclusione via web

Questa sezione, realizzata grazie al generoso contributo del Segretariato Generale delle Scuole Europee, fornisce utili informazioni sulle più significative risorse prodotte nei vari Paesi Europei a vantaggio degli alunni con “Special Educational Needs”, in particolare per **l'apprendimento delle Lingue Straniere**.

La selezione proposta contiene validi riferimenti didattici e metodologici, organizzati per materie e cicli scolastici in Francese, Inglese, Portoghese, Spagnolo e Tedesco.

Per informazioni si può far riferimento al prof. Carlo Cipollone, già Direttore della Scuola Europea di Parma: carlo.cipollone@gmail.com.

Le risorse didattiche – con l'indicazione della disciplina di riferimento e l'età dei discenti cui sono rivolte - sono ordinate come segue:
